SPECIAL OFFER of GLADIOLI

DAHLIAS

BEGONIAS etc.

direct from Holland grower at lowest possible wholesale prices.

Gentlemen:

Holland Gladioli have become famous the world over, both for their fine quality and their large variety of colors. Stocks have been improved so much, that only the most perfect varieties have survived, so that now there is hardly a variety that will not bloom with eight florets open at the same time.

Colors and forms are superb!

Holland Dahlias are now also coming into their own on the American market. And no wonder.

We have an outstanding selection of varieties, carefully picked for their beautiful colors, perfect forms and abundance of flowers.

With these and other items we have something REALLY GOOD to offer you and because we grow enormous quantities, we can do so at very reasonable prices.

We guarantee our bulbs to be true to name and well up to size.

We guarantee them to be free of any diseases.

You can buy with confidence from
